Congratulations to our customers all across the United States on your tremendous success in 2014! These pictures represent just a sampling of our recent state fair champions. We know that your options are many when deciding where to buy your next show calf, but those options are much more limited when it comes to selecting a WINNING show calf. If you do your homework and study the big picture, you'll not find another source with the winning record we have...year after year...decade after decade. We'll have steers and heifers—all breeds, all colors, all price ranges—for sale this fall. We welcome your call anytime, and we do appreciate your business!
